The solution to this puzzle is a set of geospatial coordinates (longitude and latitude) in the form:

N DD° MM.mmm' W DD° MM.mmm'

Where "DD" is degrees and "MM.mmm" is minutes (in thousandths). These coordinates are the solution to the mystery cache Puzzle Solving 101 - Lesson 3: Trivia ([GCYXZ3](#)). (This cache has been archived—the puzzle-solving lesson on the cache page is still visible, but the cache can no longer be found and logged.)

This solution can still be used to complete, discover, and log the cache Puzzle Solving 101 ([GCYXNO](#)). Concatenate the five digits in the north minutes followed by the five digits of the west minutes (ignoring spaces and decimal points). Use that ten-digit sequence as the password for the web page ps101.puzzlehead.org/gcyxz3/clue, which will give you one of the nine clues you will need to complete The Final Exam.

How well do you know your Schoolhouse Rock trivia? You remember Schoolhouse Rock - those music videos you loved on Saturday morning cartoons, brought to life by the creative team of Tom Yohe and Bob Dorough. This puzzle will test your knowledge of those 3-minute video clips of pure musical genius that fooled you into learning your times tables, grammar, science, American history, and more.

Below is a table of the titles of all 52 songs recorded for Schoolhouse Rock. Below the table is a list of statements about the songs in Schoolhouse Rock. Each of those statements is true about one or more songs, and more than one statement may be true for the same song. For each statement, determine the song or songs for which that statement is true, then cross that song or songs off of the list.
